

# #OnlineSafetyAtHome

From Thinkuknow

## Pack 9: social media

Children love to socialise and as they get older, they will want to stay in touch with their friends online.

This week your final activity pack for parents and carers to deliver to their children explores how they can stay safe while connecting with others on social media apps and platforms:

- [4-5s](#)
- [5-7s](#)
- [8-10s](#)
- [11-13s](#)
- [14+](#)

We are also asking parents and carers to share their feedback on the activity packs via a survey on the pages linked to above. Download Welsh language versions of our activity packs from [Welsh Government's Hwb](#).

### **#OnlineSafetyAtHome is changing**

This week's home activity pack will be our last. However, we'll continue to provide support for parents and carers over the summer through new video guides, articles and short activities to encourage conversations about online safety.

You will continue to receive a fortnightly email with the latest resources for parents and carers. Please share your feedback on our home activity packs by taking our short survey:

[Take our short survey](#)

## Social media: a video guide for parents and carers

Our new video guide and [accompanying article](#) helps parents and carers to understand:

- The risks of using social media
- What they need to consider when deciding if their child is ready to use it
- How they can make social media safer for their child

[Access the video](#)

## Education for a Connected World 2020 published

The UK Council for Internet Safety has released the 2020 edition of its Education for a Connected World framework.

The non-statutory framework outlines the digital knowledge and skills that children and young people should have the opportunity to acquire as they develop.

[Access Education for a Connected World](#)

Listen to [LGfL's short summary](#) of the changes to the framework.
