

Would you like the opportunity to work for Balfour Beatty, the biggest construction company in the UK on a major infrastructure project in the south east of England?

You are in the right place...

Apply now for a level 3 business administration apprenticeship with us.

Apprenticeships on the Lower Thames Crossing

The Lower Thames Crossing is part of the biggest investment in the country's road network for a generation and is an essential component in the UK's future transport infrastructure. Balfour Beatty want to ensure that our local communities can take full advantage of the opportunities on their doorsteps to support creating a higher skilled community.

Balfour Beatty have a fantastic opportunity for local individuals to join us and be the first cohort of apprentices to enrol onto our level 3 business administration apprenticeship.

EARLY CAREERS

Your development is important to us. We will support you every step of the way throughout your apprenticeship.

Your line manager, our development team, ex-apprentices and more – they'll all be there to help. You'll also join a regional network of apprentices who'll share the whole experience with you.

You'll experience cutting-edge technology, projects that shape the nation, and a thousand ways to make your mark. Join us, and you'll discover that there's more to construction than you ever expected.
